

## PRODUCT-DETAILS

# 3BNP015023R2

## Dual QC05-CES11\*5.0/1 Software Options

### General Information

|                      |                                                                                                                                                                                        |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product ID           | 3BNP015023R2                                                                                                                                                                           |
| ABB Type Designation | SG400LIC                                                                                                                                                                               |
| Catalog Description  | Dual QC05-CES11*5.0/1 Software Options                                                                                                                                                 |
| Long Description     | Cause & Effect Safe Ethernet communication option for Safeguard 400 Series*1.6 Safety Builder is required for configuration. Dual MB300 network must be used together with QC05-CES11. |

### Additional Information

|                       |                                                                                                                                                                                             |
