

## PRODUCT-DETAILS

# BIM

## Binary input module, 16 inputs, RL220, 220-250VDC, 120mA

### General Information

|                         |                                                          |
|-------------------------|----------------------------------------------------------|
| Global Commercial Alias | BIM                                                      |
| Product ID              | 1MRK000508-CE                                            |
| ABB Type Designation    | -                                                        |
| Catalog Description     | Binary input module, 16 inputs, RL220, 220-250VDC, 120mA |

### Additional Information

|                         |                                                          |
|-------------------------|----------------------------------------------------------|
| ABB Type Designation    | -                                                        |
| Customs Tariff Number   | 85389091                                                 |
| Global Commercial Alias | BIM                                                      |
| Invoice Description     | Binary input module, 16 inputs, RL220, 220-250VDC, 120mA |
| Made To Order           | No                                                       |
| Minimum Order Quantity  | 1 piece                                                  |
| Order Multiple          | 1 piece                                                  |
| Product Name            | -                                                        |
| Product Type            | Undefined                                                |
| Quote Only              | No                                                       |
| Selling Unit of Measure | piece                                                    |
| Stocked At (Warehouses) | Västerås, Sweden<br>Bangalore, India                     |
| Technical Information   | 16 inputs, RL220, 220-250VDC, 120mA                      |
| WEEE Category           | Product Not in WEEE Scope                                |
