| Catalog Description   | E 9F22 GG40 Fuse link                                              |
| Long Description      | E 9F22 GG40 is a 22x58 mm cylindrical fuse for circuits protection |

### Technical

|                                    |                                               |
|------------------------------------|-----------------------------------------------|
| Product Name                       | Fuse link                                     |
| Rated Voltage ( $U_r$ )            | 690...690 V                                   |
| Rated Operational Voltage          | 690 V AC                                      |
| Voltage Range                      | 690 V AC                                      |
| Rated Current ( $I_n$ )            | 40 A                                          |
| Rated Primary Current ( $I_{pn}$ ) | 40 A                                          |
| Maximum Breaking Capacity          | 120 kA                                        |
| Power Loss                         | at Rated Operating Conditions per Pole 4.3 W  |
| Utilization Category               | gL/gG (Cable protection/equipment protection) |
| Fuse Type                          | Cylindrical gG                                |
| Release Type                       | Other                                         |
| Fuse Size                          | Cylindrical IEC 22x58                         |
