800xA History dual signals - 15000 logs

License

General Information

Product ID	3BSE079540R150
ABB Type Designation	-
Catalog Description	800xA History dual signals - 15000 logs

Additional Information

Technical Information	History signals for parallel logging in two history servers. Each signal includes logging, trending, calculations and archiving for parallel logging in two history servers. A signal is any numeric (Boolean, Integer or Real) data stored in the 800xA History Server. The number of dual history signals should match the number of history signals that should be logged in two servers."
Product Type	Licenses
