

PRODUCT-DETAILS

# 3GJM133240-CEK

## M3JM 132SMD 6

### General Information

|                      |                |
|----------------------|----------------|
| Product ID           | 3GJM133240-CEK |
| ABB Type Designation | M3JM 132SMD 6  |
| Catalog Description  | M3JM 132SMD 6  |

### Additional Information

|                       |               |
|-----------------------|---------------|
| ABB Type Designation  | M3JM 132SMD 6 |
| Altitude              | 1000 m        |
| Ambient Temperature   | 40 °C         |
| Bearing               | 6208-2Z/C3    |
| Bearing NDE           | 6208-2Z/C3    |
| Country of Origin     | Finland (FI)  |
| Customs Tariff Number | 85015220      |
| Direction of Rotation | Both sides    |
| EX-Protection         | Exdb          |

#### Electrical Data

| Conn | Temp Class | Freq  | Voltage | Power   | Speed      | Current | Power Factor | Efficiency | Torque    | IS/IN |
|------|------------|-------|---------|---------|------------|---------|--------------|------------|-----------|-------|
| D    | --         | 50 Hz | 500 V   | 3.00 kW | 977 r/min  | 5.50 A  | 0.690        | 85.60 %    | 29.00 N·m | 5.90  |
| D    | --         | 60 Hz | 575 V   | 3.00 kW | 1179 r/min | 4.80 A  | 0.680        | 89.50 %    | 24.00 N·m | 6.50  |

|              |        |
|--------------|--------|
| Gross Weight | 128 kg |
| IC Class     | IC411  |

|                         |                                                                                                   |
|-------------------------|---------------------------------------------------------------------------------------------------|
| IE Class Data (50 Hz)   | IE Class IE3<br>Full Load (100%) 85.6 %<br>Partial Load (75%) 85.9 %<br>Partial Load (50%) 84.3 % |
| IE Class Data (60 Hz)   | IE Class IE3<br>Full Load (100%) 89.5 %<br>Partial Load (75%) 89.0 %<br>Partial Load (50%) 87.0 % |
| IM Class                | IMB14 IM3601                                                                                      |
| IP Class                | IP66                                                                                              |
| Insulation Class        | ICLF                                                                                              |
| Invoice Description     | M3JM 132SMD 6                                                                                     |
| Made To Order           | No                                                                                                |
| Minimum Order Quantity  | 1 piece                                                                                           |
| Number of Poles (High)  | 6                                                                                                 |
| Order Multiple          | 1 piece                                                                                           |
| Package Level 1 Units   | 0 carton                                                                                          |
| Pre Modified Motor      | 3GJM133240-BEK                                                                                    |
| Product ID              |                                                                                                   |
| Product Name            | 3-Phase squirrel cage motor                                                                       |
| Product Net Weight      | 123 kg                                                                                            |
| Product Type            | 3JM3__M3JM_IE3_Group_I_Flameproof_Exp_mining_motor                                                |
| Quote Only              | No                                                                                                |
| Selling Unit of Measure | piece                                                                                             |
| Temperature Class       | --                                                                                                |
| Default                 |                                                                                                   |
| Terminator Box Location | D-End top                                                                                         |
| Two Speed Motor         | No                                                                                                |
| Type of Duty            | S1                                                                                                |
| UNSPSC                  | 26101100                                                                                          |
| Voltage Code            | E                                                                                                 |
| WEEE Category           | 5. Small Equipment (No External Dimension More Than 50 cm)                                        |
